AUTOMOTIVE SERVICE

YOUR NEXT SERVICE IS DUE ON:

Date: _____

Kms: _____

Service Advisor: _____

Goodwrench Oil & Filter Service (Includes 15 point Inspection)

G.M. approved lube, oil and filter Change.

- change engine oil and filter with new quality G.M. approved parts
- lubricate doors, hinges and hood latch
- perform factory inspection
- reset the "Oil Life Monitor" light if applicable
- written report

Gas \$37.88
Diesel \$104.69

* Pre-Lube

Enhances engine performance and cleaner emissions

- dissolve crankcase acids, varnish, sludge, and contaminants which are removed with old oil

Before

After

\$19.95

G.M. Semi-Annual Inspection (Incl. Tire Rotation)

Basic maintenance required by "General Motors" for your safety and peace of mind.

- a multi point inspection by G.M. trained technician
- lubrication of body and key locks
- weather-strip lubrication
- written report

From \$59.95

* Brake Maintenance Service

Ensures safe vehicle operation and peace of mind.

- remove the brake dust, oil and grease from brake components
- check for proper caliper piston movement
- deglaze pads to improve braking performance
- adjust parking brake cables and lubricate (if applicable)

\$94.95

* Brake Fluid Replacement

An important safety and critical time interval service

- flush old out and replace with new quality G.M. approved fluid
- bleed system of air
- road test

\$89.95

* Automatic Transmission Flush Service

Provides maximum protection for components and fluid: "A critical time interval service."

- remove and clean the transmission pan.
- remove and replace the transmisison filter and fluid with G.M. quality parts
- add a seal conditioner for extra protection

From \$159.95
Diesel From \$209.95

* Power Steering Flush

Promotes long life of steering gear and pump.

- use a safe cleaner to dissolve and suspend vehicle's power steering system
- flush your vehicle's entire steering system of all old fluid and contaminants and install new high-tech fluid.

\$79.95

Differential and Gear Service

Reduces wear and prolongs life.

- drain the contaminated differential fluid, clean the gear box and surface areas
- inspect gears for any abnormal wear
- add new GM quality fluid and treatments to ensure superior lubrication and fluid flow at low temperatures

From \$133.95

4x4 Driveline Service

Minimizes wear and ensures performance.

- drain the contaminated differential & transfer case fluids
- clean the gear boxes and surface areas
- inspect gears and transfer case for any abnormal wear
- add new GM quality fluid and treatments to ensure superior lubrication and fluid flow at low temperatures

From \$289.88

* Wheel Alignment

Ensures dependable control, safety and extends tire life.

- set vehicle on computerized alignment machine
- adjust toe and camber to G.M. specifications
- inspect shocks, struts and balance of suspension system for signs of wear
- road test

RWD \$89.95
FWD \$119.95

Cooling System Flush Service

Ensures optimum heating and cooling efficiency

- complete inspection of the cooling system
- attach the necessary equipment to FLUSH and evacuate the ENTIRE cooling system of old coolant and refill it with new G.M. quality coolant
- add a coolant conditioner for additional protection against acid formation

\$129.95

* Fuel System Service

Maintains fuel efficiency and engine performance.

- maintain injector spray pattern by dissolving fuel varnish build-up on the injector tips and suspend moisture in fuel system

\$14.95

* Fuel Injector Flush

Corrects injector spray pattern improving fuel efficiency and engine performance.

- administer a cleaning agent directly through the fuel rail (using a deposit control station) to provide maximum cleaning to this important performance related area

\$99.95

* Engine Performance Service

Promotes fuel efficiency and engine performance.

- inspect emission and performance items such as: throttle plate, induction system, P.C.V., spark plug wires
- reduce intake valve and combustion chamber carbon deposits
- minimize water condensation in fuel system.
- includes emission cleaning kit
- road test and report

\$64.95

* Engine De-Carbonization Service

Restores lost power, performance and fuel efficiency.

- apply a cleaning agent through the throttle body to remove sticky carbon residues from the throttle valve and plate
- administer a special carbon blasting solution to soften the harder carbon formations in the combustion chambers and enhance the cleaning process during the final phase

\$149.95

* Fuel Filter Replacement

Maintains fuel delivery quality, protecting fuel pump from premature burnout.

- replace filter with new quality G.M. filter & valve
- inspect fuel lines and connections
- optimize injector spray pattern by dissolving fuel varnish build-up on injector tips and suspend moisture in fuel system

Gas From \$79.95
Diesel \$157.21
